OPRS Submit Changes with Violations, Deviations and Exceptions

Please note that the OPRS Submit has undergone a change. There are no longer individual fields for Violations, Deviations and Exceptions but instead they have been combined into one submission field "Violations/Deviations/Exceptions." This has been done to alleviate any confusion as all violations, deviations and exceptions are reported on the same form.

NOTE: This is **NOT** a change in any reporting procedures for violations, deviations or exceptions. This is only a change in the OPRS Submit form.

Thank you!
