

Office for the Protection of Research Subjects

Revised Forms Posted to OPRS Website

The forms listed below have been updated and posted for use on the OPRS website.

Please make sure to ALWAYS download forms directly from the OPRS website. Forms downloaded to your computer will not be the most recent version and will delay review. Opening forms directly from the OPRS website before filling them out and submitting them to us will assure you have the most up-to-date form and will save both you and the OPRS time.

The following forms have been revised to make them clearer and to avoid redundancies. The changes are also intended to assist the reviewers.

[New Project Application - Clinical Trials](#)
[New Project Application - Research Use of Human Material/Tissue](#)
[New Project Application - Research Use of Medical Records](#)
[New Project Application - Social/Behavioral Research](#)
