

Dear DF/HCC Research Community,

The following policies have been updated and posted to the **Clinical Research Support** website:

PM-410 Procedure for Updating CVs & Medical Licenses

Revision: Procedure #1 was revised to include the statement "CVs will not be provided for individuals who are not listed on the protocol specific 1572 form."

PM-411 Protocol Specific FDA 1572 Form

Revisions: Procedure # 3c. Block 6: This paragraph was revised to include study coordinators (CRC, CRA) and inpatient nurses in the list of staff who are not included on the 1572 form. The statement "CVs will not be provided for individuals who are not listed on the 1572 form" was also added to this section.

SM-502 Protocol Related Care for Study Subjects at a Non-DF/HCC Facility

Revisions: This policy underwent a series of administrative revisions to clarify the policy and procedures. An OHRS Information Sheet has also been created. Please refer to the tracked changes SOP for the revision details.

To access this site from the Clinical Trials Portal, click on Clinical Research Support which is located just below OPRS on the Portal Menu. Next, click DF/HCC Clinical Research Policies and Procedures in the Quick Links box.
